Watch out Dragons...

The Events & Adventures Dragon Slayers are gearing up to "slay" the competition at the May 5th, 2007 Miami Hong Kong Dragon Boat Festival. They have started a rigorous training schedule in which they will be training twice a month at the Dragon Boat Training Center.

No stranger to the sport, Events & Adventures, with a time of 1min and 24secs, came in 2nd place in this year's March event. The team raced in the Mixed Regular 250m. "We understand that the festival is a long way off but for us, the practices have taken on a life of their own" Team Captain, Herb Goldman.

The Miami Dragon Boat Club and its affiliates welcome E&A Dragons Slayers to the family.

O Canada...

Canada produces world wide stars such as Robin Williams, Jim Carey, Celine Dlon, Pamela Anderson and many others... but did you know that they produce national and international ranking Dragon Boating Teams.

On June 24th-25th, 2006, The Miami Dragon Boat Club, represented by the Canadian Team Hammerheads, competed in The Tour East Holidays Toronto International Dragon Boat Race Festival. The team placed 2nd in the Community Championship and 3rd in the Premier Division.

The event took place at the Toronto Centre Island. There were 170 teams and 125,000+ spectators.
